Todd Trocar Well

DST 204

An Innovative Solution for Trocar Storage

The Todd Trocar Well is a space-saving, cabinet-mounted unit designed for the storage and disinfection of embalming trocars.

Store and Sanitize

Vertically stows and disinfects up to three trocars at a time.

Space Saving

Drops into an opening in the countertop approximately 10" x 11".

Flush cover provides easy access and an uncluttered workspace.

Easy Maintenance

Holder lifts out for easy clean up.
