

## TECHNICAL INFORMATION

### TODD MORGUE TABLE RECEPTOR 5000

DST 216

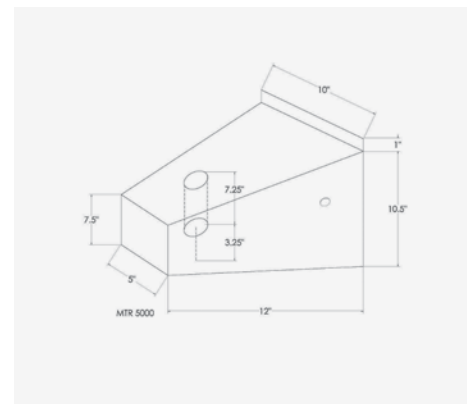

The Morgue Table Receptor 5000 is a continuous rinsing rim direct drain system for waste removal at the foot end of the table.

## FEATURES

- Ultra space-saving, compact design fits easily into both new and retrofit projects
- Continuous incoming water supply keeps drain line clear and reduces airborne particulates
- Built-in pressure-reducing device helps maintain recommended PSI, easily removable if desired
- Cabinet mounted for easy floor cleaning
- Removable 3" round strainer sleeve with easy-lift handle captures cotton and other large waste

## SPECIFICATIONS

- Manufactured from 16-gauge stainless steel
- Weight: 10 lbs
- Recommended mounting height: 26" above floor to top of the unit

THE PREPARATION ROOM SPECIALISTS | SINCE 1991

---

**TODD MORGUE TABLE RECEPTOR 5000** DST 216
