Brown Funeral Home Wins Custom Accessories Set In Facebook Drawing

A goal for Brown Funeral Home in Pine Bluff, AR, is scored by soccer enthusiast Patty Todd in DST's Facebook promotion which ended April 15. Mrs. Kemma Martin-Rhodes entered the company in the drawing for a set of custom acrylic accessories. The prize should come in handy as the firm has three locations in Arkansas with a large staff of embalmers. Brown Funeral Home is recognized as the largest black community funeral home in the South and was founded in 1944. You may visit them at www.brownfuneralhomeandmortuary.com.

Although the current DST Facebook promotion is over, we invite you to become a fan. We'll keep you abreast of what's new and try to give you something to smile about every once in a while.

Interior Elements Makes it Easy To Create a Pleasing Prep Room Environment

After the drawings are done and products are specified for your new prep room, you are faced with selecting colors and finishes for countertops, cabinet faces, paint, medical flooring, rubrails and wall coverings.

There is no need to settle for a drab or boring environment. After all, you work in this room. Why should it not be a pleasing space? If you are not a pro, let DST's professional interior designer help you.

Interior Elements offers seven coordinated palettes that will give your prep room a comfortable feeling. *Interior Elements* is a free service as part of our Premier Source Design plan.

A new Premier Source Design brochure is posted on our website and displays the seven palettes.

Beggs Funeral Home Rates Cover Story In Canadian Funeral News

The April 2011 issue of *Canadian Funeral News* features Beggs Funeral Home in Thessalon, Ontario, Canada, on the cover along with a story about their new funeral home.

You can read what Loyal Beggs has to say about the preparation room designed by DST at www.dstlimited.com/testimonials. The DST website also carries an article on the Beggs prep room in the news/client stories section.

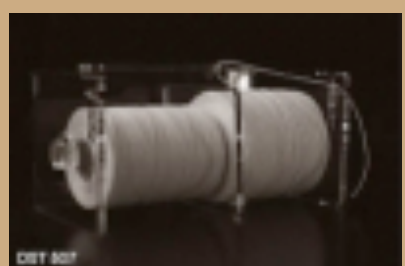

Helping You Find DST Products on the Web

It's a jungle out there when you are trying to find a Water Control Unit (WCU), a Morgue Table Receptor (MTR), PrepAir and PrepArm ventilating systems or other products. Duncan Stuart Todd, Ltd. is in the process of upgrading the site search function on our website.

Bear with us. In the meantime, when you can't find what you're looking for, email or call us at 877 832 6898. We are here to serve you.
